

# Introduction of SEU International Summer School Program

**Theme :** Nurturing Globally Competitive Talents through Chinese-Japanese Joint Online Teaching

## **Overview:**

This project provides courses jointly offered by Chinese and Japanese universities with the purpose of co-cultivating globally competitive talents .

The project , taking the form of international joint teaching , offers lectures , discussions , cultural instructions and other activities , the topics of which include :

Course 1 - Universities' International Education in the Internet Age ;

Course 2 - Discovery and Speculation :

New Trend of Chinese and Japanese Folklore ;

Course 3 - Progress of Geolinguistics and its Research ;

Course 4 - 'Memory of Jiangsu's Cities' found in Japanese classics .

This summer school course , featuring cultural comparison and Frontier Academics , offers in-depth joint online courses in order to help students sense the social and cultural differences between China and Japan , promote mutual understanding , train cross cultural communication skills , and enhance the exchange of Chinese and Japanese young students .

## **Schedule Description: July 5th ( Monday ) ~ July 9th ( Friday )**
